SHELBY JOHNSON and his wife, Delores, with their two children, David (15) and Valerie (12) live in Dallas, Texas, where Shelby is vice president of Ward Manufacturing Co. (See center picture.) "The Lord has been so good to us over the years. I finished Dallas Seminary in 1958 (THM) and went into the pastorate for some years. After a time the Lord led us into the business community where we have been for just 12 years. I have recently become associated with a small, new manufacturing firm in which I am responsible for managing all the way from hiring and firing to finances. At the same time I am very active in the ministry of Reinhardt Bible Church. Delores is active in Pioneer Girls, Val in the choir, and David in the youth activities. I'm on the board, teach an adult S.S. class and shepherd a group of little ladies 75-91 years old. I am so thankful for this opportunity to share the Lord's love with others."

REITA HALL is a teacher and head of the English Department at McMinn County High School in Athens, Tenn. (See center picture.) She received recognition as acting young in heart. Have worked hard on a new English curriculum which offers semester electives covering American literature with a group of teachers who help. Even though we have in our school 1400 problem young people, we also have a good representation of Christian young people. Pray the Lord for this."
